

MÜNZING FENTAK®

DYES

AQUEOUS ORGANIC DYE SOLUTIONS

## BENEFITS

- » Specifically for addition to Particle board and MDF
- » UV stable
- » No detrimental effect

# Organic Liquid Dyes

We have a wide range of aqueous solutions of organic dyes that are designed specifically for addition to Particleboard and MDF for identification purposes. Our dyes are stable in both the high temperature and acidic environment encountered in board pressing operations, and have no detrimental effect on finished board properties. Also, because they are UV stable, our dyes are being widely used in laminates such as High Pressure Phenolic Compact Laminates.

## Available Colours

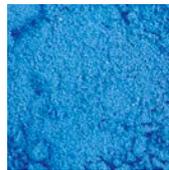

Black

Brown

Green

Blue
