TECHNICAL INFORMATION

Product type
Micronized wax, high molecular weight polyolefin based

Application
Texturing additive for coatings like wood, plastic and metal coating

Properties
- Texturing
- Haptic effect
- Scratch and abrasion resistance
- Matting
- Suited for anti-slip coatings
- Narrow particle size distribution for a homogeneous surface texture

Processing Information
According to the required effect, a dosage of 1-10% is added to the finished formulation.
