TECHNICAL INFORMATION

Product type | Micronized wax, biopolymer based
Application | Texturing additive for coatings like wood, plastic and metal coating

Properties
- Texturing
- Haptic effect
- 100% renewable raw material
- Readily biodegradable according to OECD guideline
- Scratch and abrasion resistance
- Matting
- Suited for anti-skid coatings
- Suited for high-temperature applications
- Narrow particle size distribution for a homogeneous texture

Processing Information
According to the required effect, a dosage of 1-10% is added to the finished formulation.
